

We Accept Electronic Prescriptions

A more convenient way to get your prescriptions

FROM YOUR PROVIDER DIRECTLY TO OUR PHARMACY

E-prescribing gives physicians the ability to electronically send an accurate, easy-to-read prescription directly to a pharmacy from the provider's office at the time of care.

SAVES YOU TIME

E-prescribing can also save you time by eliminating the need to pick up a paper prescription from your provider's office — especially for routine refills of a controlled substance.

Talk with your provider about issuing your next prescription electronically.

**FOR MORE INFORMATION,
